

# SIT. STAY. READ ... Good Human!

## Park Privileges Mean Following These Rules:

- 1 All dogs must be sterilized\* and non-aggressive.**
- 2 Do not allow dogs to enter the river.** Sorry, but the river is not clean, *there's no lifeguard on duty*, and the river has a shifting tidal current that can be dangerous, especially if a dog goes out too far or becomes tired. Your pup can still “have a ball”— just keep the party on land.
- 3** Watch dogs for signs of exhaustion while using the park, especially in warm temperatures. Give hot and tired dogs fresh water and a break in the shade.
- 4 No prong, pinch, choke, or shock collars allowed.** We reserve the right to choke, pinch, or shock any visitors who have those devices on their dogs. **Buy a harness!**
- 5 No hitting, bullying, or yelling at dogs.** Anger issues should be taken out on someone who doesn't love you unconditionally. Please let your dog have uncontrolled fun.
- 6 Scoop the poop.** Please pay attention and protect the river, its inhabitants, and everyone's shoes by keeping the park clean. There are plastic bags in the mailboxes for your convenience. Please be attentive, because if you fail to pick up poop, you'll have to pick out another park.

\*Know a pup who needs “fixing”? Call 622-PETA and press 3 for information about our low-cost sterilizations. All pit bulls are sterilized free of charge!

## Problems? Emergencies?

Call **213-8725** to report problems in the dog park during regular business hours. For after-hours animal emergencies only, call **441-9398**. Is your dog having an early-, mid-, or late-life crisis? Call **962-8255** for behavioral advice.

## Use this park at your own risk.

Dog guardians are legally responsible for any injuries or property damage that they or their dogs cause.
